WHAT TRAMPS COST COUNTY OF FAYETTE.**Taxpayers Will Pay Nearly \$2,000 for Costs and Keep.****SHERIFF GOT NEARLY \$600****Out of the Raid of Hoboes Made on Davidson Ovens a Few Days Ago. County's Bill From Workhouse Will Be Over \$1,100.**

A Connellsville taxpayer and property owner this morning discussing borough and county taxes with a litigant in an up town office building stated that the action of Sheriff P. A. Johns in connection with the raid made recently on more than a score of tramps and wanderers at the Davidson ovens on the city limits of Connellsville. He found no fault with the officers visiting the ovens and driving the motley crowd of hoboes on their way, but he did object to them being carried away to jail wholesale, which in the end saddled a bill of nearly \$2,000 on the taxpayers of Fayette county in cost and maintenance of the prisoners at the Allego county workhouse where they were sent.

The arrests in this raid were made by County Detective Frank Randolph and P. R. H. Detective John D. temple. There were upwards of 30 men gathered from the oven tons. They were herded in the borough lockup for a night and then after a little weeding out by Burgess Evans they were taken to jail. The men were given a hearing before Squire D. M. Blair of Uniontown and committed to jail for vagrancy. All of them agreed to plead guilty which they did and were given a sentence of four months to the workhouse. When the prisoners were brought before the court and told guilty there was nothing for the court to do but sentence them, which it did.

According to the Connellsville taxpayer who criticized the large expenditure of money on this bunch of tramps by Fayette county the following details of the cost of the raid, however, converge on the prisoners to the workhouse and their stay there is as follows, the figures it is said on reliable authority being accurate to the cent:

Court cost.....	\$1,125
Justices' costs, case before D. M. Blair.....	12.25
Attor. fees.....	20.00
Wages, costs.....	12.25
P. A. Johns, sheriff, conveying 25 men to work house at \$2.00 per man.....	50.00
Board bill at Allego county workhouse, 25 men 17 weeks.....	478.00
Total.....	\$1,677.25

If the prisoners stay at the workhouse three days over the 17 weeks which they will likely do to make up the four months each man will be sentenced to, about \$150 will be added to the total given above.

In recent years the local officers have made frequent raids on the coke ovens at Davidson. Anywhere from half a dozen to a dozen tramps would be picked up for a night. Frequently the men would be marched out their place for a hustling campaign. At present there are no number of projects in view and the committees are confident of success.

Each team is expected to secure 25 men and many of them have already gone a long ways towards fulfilling that end. The contest for the new members closes a week from next Thursday.

Shot From Ambush.
Nick Mohr and his brother, Joseph, were shot from ambush near Irwin Friday afternoon while walking along the road. The supposition is that they were shot by foreign miners who were shot by foreign miners who were shot by the men being trampbreakers. Both men are in a serious condition in the Mercy hospital, Pittsburgh.

Beer and Whisky Agents Cut Out By Order of Somerset County Court.

According to information received from Somerset county this morning Judge Francis J. Koosar has handed down an order that caused a consternation among the brewers and distillers of that county. The policy of the court of Fayette county in prohibiting the employment of agents for the breweries and distilleries has been followed by Judge Koosar. Hereafter persons who want either beer or whisky must make the purchase direct from the brewery or distillery.

Smith Promoted; Assist. Trainmaster

J. J. Smith, for a number of years a train dispatcher in the office of the Baltimore & Ohio railroad at Connellsville, has been transferred to Rockwood where he succeeds A. S. Samner as Assistant Trainmaster. Samner takes back his run on freight on the Connellsville Division.

Smith, a local employee of the B. & O. at Connellsville, has been located at Rockwood in charge of his new duties for several weeks.

Three Engines to Each Train

On the Fairmont branch now three engines are being used to haul every freight train up the steep grades. Two engines formerly were used for this service, but now either the tonnage on the trains has increased or the motive power is becoming as usual at this point.

On the Fairmont the freight tonnage is also said to be congested. More tonnage is being produced there than the Baltimore & Ohio is able to handle promptly. At Clumbers there is the greatest delay. Sometimes trains are held up from five to seven hours in covering the short distance between The Narrows, just east of Cumberland, and the yards at South Cumberland.

Steve Pinter was discharged and the costs placed on Nagy Joseph, the prosecutor.

Doris Watkins was discharged and C. B. Smith, the prosecutor, sentenced to pay the costs.

THE SECOND WEEK OF CRIMINAL COURT.**Cases Taken Up Before Judge Umbel This Morning.****OTHER COURT MATTERS TODAY**

J. V. Thompson files his answer to the interrogatory as trustee in the Fitzgerald Case—Pleads of Guilty Were Entered.

Special to The Courier.

UNIONTOWN, Dec. 12.—The second week of the December session of the court of common pleas opened yesterday morning and indications point to its completion by tomorrow evening. There was an unusually small number of returns to court in the past three months, a total of 188.

Of this number, all but about 25 were disposed of last week, including the most important, the Grider-Kingle murder case. Had it not been for this case which lasted four days, and the fact that the small courtroom was only in session three days owing to the absence of Judge Robert E. Umbel, the session of criminal court for 1910 could not have lasted half of the first week.

Only Judge Umbel was on the bench today, court being held in the law room. Following the calling of the jury roll at 10 o'clock, the case of Angelo Tassone, charged by Assistant Game Warden Ralph Ross with violating the game laws by keeping a gun in his home, the defendant being a foreigner, was taken up.

An inquest was awarded in the person of Martha J. Humber of Dunbar, to whom the estate of John J. Humber who died April 2, 1909, The inquest states that there are 50 acres of land in Dunbar township of which no distribution has been made. The land is to be distributed among the heirs.

The petition of Bertha L. Lewis to sell real estate in the estate of Robert B. Lewis was granted. Lewis lived in South Union township. He left no personal property and the sale is necessary to pay debts.

R. S. Pierce, administrator of the estate of Carmine Melo, late of Connellsville, was granted jurisdiction to sell real estate, bond in the sum of \$1,000 being given.

R. R. Goldsmith was appointed guardian in the divorce case of Ernest Gross of Broad Ford against Anna Gross. George Patterson was appointed master in the divorce case of Lucia B. Thatcher against Edmund B. Thatcher.

J. Y. Thompson this morning filed his answer to the interrogatory as trustee in the equity suit between himself and Gerald Durrell Elementary. He stated the correct amount of the trust fund in his possession is \$13,368.27 from which \$12,591.51 is the principal, the balance being the accumulated income. He adds that he has personally borrowed \$13,231.11, plus \$600, and Charles K. Lester \$6,000, and Charles W. Lester \$1,000, the last two being trustees of the same fund.

George Holley, colored, is in jail for the larceny of 500 pounds of iron from the Baltimore & Ohio railroad. E. S. Russell is the prosecutor. The goods were stolen in Uniontown.

James M. Mickey is the prosecutor of James M. Mickey on trial for the larceny of a buggy and harness valued at \$10. The parties reside at Masontown.

John Hoylok is alleged to have thrown a stone at a passenger train on the Monongahela railroad at Republic on October 13. Witnesses testified yesterday before this he had crawled in front of a freight train three times, it being necessary to stop the train on each occasion. The conductor said the boy was in the habit of hogging the trains and if refused usually ran the passenger car.

T. Wood Lynch entered a plea of guilty to a serious offense preferred by Lillian T. Black. He will pay her \$15 and \$1.25 a week for five years.

Edward Stuck pleaded guilty to a serious charge brought by Minerva Chambers. He pleaded nolle contendere to dodge a heavy bill. He got the costs in the second case.

FAYETTE COUNTY TO GET FUNDS.**Large Portion of the Red Cross Money Will Be Spent About Here****TO FIGHT WHITE PLAGUE**

In Former Years National Red Cross Took All Receipts But This Is Changed Now—Where Seals are Sold Here.

It has been announced that the red cross seals, sold to secure funds with which to wage war against tuberculosis will yield funds to be used in fighting the White Plague in this section.

The Chamber of Commerce, which has charge of the local distribution, has received word that 75 per cent of the proceeds will be spent in this county and the remaining 25 per cent sent to the National Red Cross for the general campaign throughout the country.

In former years the entire proceeds were sent to the National Red Cross, and as far as known, not a cent was ever spent here. Protests from the laity insist that they could not afford to encounter the sale of seals and then raise a separate fund to fight the disease at home, resulted in the percentage basis being adopted.

The seals, distributed through the Chamber of Commerce, are now on sale at Graham & Company, Frank Huston, Barkley & Company, A. A. Clarke, H. O. Keagy, F. H. Harmening, W. A. Beighley, Wright-Metzler Company, W. N. Leche, Feuerthener & Simberg, J. R. Davidson Company, Sparks & Adams, H. Kobacker & Sons, L. W. Wetherill, Hornor-Crowley Company, and L. B. Collins.

Others desiring the stamps may receive them upon application to the Chamber of Commerce.

SAMUEL C. HARDY INSTANTLY KILLED.**Conductor on Second No. 9 Met Instant Death This Morning.****STRUCK BY LIGHT ENGINE**

Was on His Way to Telegraph Office When Locomotive Emerged From Entrance to Sand Patch Tunnel and Struck Unfortunate Conductor.

In the past week four B. & O. railroads have met instant deaths while on duty. The fourth victim was Conductor Samuel C. Hardy of Greenwood, and an old and experienced man.

Conductor Hardy had been running extra passenger for some time and when the accident occurred he was in charge of an emigrant train running on second No. 9.

The accident occurred at the eastern end of Sand Patch tunnel this morning between 2 and 3 o'clock.

The train stopped at the end of the tunnel and Conductor Hardy was on his way to the telegraph office to receive orders when the light engine came out of the tunnel and struck him. He was killed instantly. The body was removed to Meyersdale and was later shipped to his home in Greenwood.

Conductor Hardy had been railroaded since 1888 and was very popular with the railroad men. His untimely death was a shock to his wife and circle of friends. He is survived by his widow and five children, who reside at Greenwood.

Yesterday morning in police court he pleaded not guilty to the charge of aggravated assault and battery against W. H. Tannehill, private detective, who was employed by Mellon to forcibly remove him from his home.

Jack O'Leary wanted to take the pledge this morning but Burgess Evans, who decided the rest cure for 48 hours would be more effective. Several common drunks were sentenced yesterday morning, while a pair of fighters posted forfeits.

Officer Stoner
Captured Sleds

Officer William Stoner last evening confronted three sleds from Connellsville who persisted in making a course around out of the walk across the Young bridge. Stoner warned the boys to keep off the walk but they persisted in keeping up the sport, much to the discomfort of pedestrians, many of whom were forced to take the middle of the roadway to travel in safety.

Stoner rallied the outfit but the boys escaped. They left their sleds behind and Stoner appropriated them. They are being held at the police station but this morning Burgess Evans ordered them returned if the owners call.

Meat Prices
Little Lower Here

While there has been somewhat of a reduction in the price of meat it is the general impression that the Connellsville dealers have not come across with as big a reduction as has been made in other towns.

There has been, however, a big cut in meat. If the decrease given by our meat dealer this morning can be accepted as a criterion, tenderloin and sirloin steaks are selling at 19 cents a pound and round steak for 17 cents. Rib roast is quoted at 16 cents.

Aldrich in Rubber
Trust, Says World

United Press Telegram.

NEW YORK, Dec. 12.—That United States Senator Nelson W. Aldrich owns between \$300 and \$400 shares of stock in the United States Rubber Company is asserted by the New York World today. The paper says there appears on the books of the Rubber Trust an entry showing 10 shares of stock in the name of the Rhode Island Senator, and that four other Aldriches are also named as share holders. Senator Aldrich issued a statement "that neither I nor any of my family has ever had any pecuniary interest as to whether the rates on the manufacture of rubber were 10 or 30%, or whether crude rubber was on the free or dutiable list."

The World explains that it has obtained a United States rubber purchased and that its representative demanded the right to see the stock books which was finally granted under protest. Samuel Norris, Secretary of the trust, showed the book to the reporter.

The highest tribunal holds that the statute of limitation did not operate to prece Gusay E. Kiesel and Thomas B. Harrel, two of the alleged conspirators in the chaos of circumstances which resulted in the closing of the Pennsylvania sugar refinery, the bankruptcy of Adolph Segal and the suicide of Frank Lippe in Philadelphia four years ago.

NEWS OF A DAY IN SCOTTDALE.

Homer Graft is Kicked in the Face by a Horse.

WAS GETTING READY FOR SLEIGH

George R. Wendling's Lecture Filled Presbyterian Church—W. C. T. U. Will Discuss Charity Tomorrow Evening—Eagles Elect Their Officers.

Special to The Courier.
SCOTTDALE, Dec. 12.—To be kicked square in the face by a horse and to have only a crushed nose was the fate of Homer Graft, chairman on one of the H. C. Pick Coke Company Executive Committee, who went out to him on a horse to the Welsh. Young Graft is a son of Mr. and Mrs. Charles L. Graft of the White school house and went to the stable yesterday after dinner and was putting the harness on the horse when it seemed

to playfully kick at him, one foot striking him square in the face. When Mr. Graft came out in answer to his son's calls he found the horse at a standstill apparently knowing that he had done something wrong. The horse is not accustomed a vicious one and the boy was not afraid to speak to it. Mr. Graft believes shows the animal was not kicking in an angry way, but simply playfully. Mr. Graft brought his son to town in the sled drawn by the horse that had done the damage and a physician dressed the young man's nose.

A Great Lecture.
George R. Wendling's lecture "The Soul of Calvary" was a most appropriate one at the Presbyterian church yesterday afternoon. He had lectured in the Y. M. C. A. course at the Geyer opera house on Friday evening on "Soul of Christ" and delighted a big audience. It was particularly fortunate that the Y. M. C. A. could give the people two lectures by so famed a man in these subjects. G. R. Kelly spoke of the matter of splendid support by the people and how the committee is able to add still another number this season, making really seven members in the course. Rev. W. C. Hart, pastor of the First Methodist Episcopal church, introduced the speaker. Rev. R. B. Mansell, pastor of the Methodist Episcopal church offered the prayer and Rev. W. J. Muir, pastor of the Reformed church, pronounced the benediction. There was a quartette con-

posed of Mrs. G. P. Kelly, Miss Edna Hayes and Elmer Morrow and Rev. C. W. Hendrickson, pastor of the United Brethren church, that sang some beautiful hymns.

Eagles Elect Officers.
Scottdale Aerie No. 1007 Fraternal Order of Eagles have elected a staff of officers for another year, which promises to be as good as previous years. Those who will preside over the doors of the hall will be the Lodge Lodge and the Lodge Master, Worthy President, W. V. Shure, Vice President, O. H. Haugh, Secretary, Lemuel Richards, Treasurer, Lemuel Richards; Inside Guard, Michael Nash; Outside Guard, Frank Miller; Chaplain, Frank Breton; Trustee, H. B. Lee, Jonas M. Kennell and A. S. Sherick of Alverton.

At Mt. Nebo Church.
Rev. J. J. Dunk preached at Mt. Nebo United Brethren church yesterday morning and at Ovensdale in the evening. The revival services at the former church were conducted last evening by the hymnals. Activity is marked in these churches.

W. C. T. U. Meeting.
The Women's Christian Temperance Union will meet at the home of Mrs. Union will be held on December 15th at 7:30 o'clock. The discussion of the winter work in charity will be the most important topic of the meeting. The union has been asking each Sunday school to take a collection for charity, and where the

Sunday school does not wish to distribute the money or the goods received, the union will handle this matter.

The Thanksgiving meeting at the Hotel Dayton and M. H. meeting on \$60,657, the largest similar collection taken on Thanksgiving in town, say members of the union.

Good Weather Here.

Saturday evening the country show came to an end after a successful week that reflected credit upon the Scottdale Poultry and Pet Stock Association. This was the first show and it is likely that next year's show will be much more smoothly than this. As the weather gave much warmer Saturday evening it was something greatly pleasing to the poultrymen as it made possible the shipping home of the birds without endangering them as would be the case if the weather was like Friday and Saturday mornings. Those were so cold that had the birds been taken from the warm room of the Elmer & Graft building and shipped away through the cold it would have been a severe hardship on the chickens.

Stores Open Evenings.
The dry goods department stores of town, J. S. Taylor Company, H. H. Hurst & Company, J. L. Ringer and the Broadway Department Store have agreed to remain open in the evenings until Christmas eve.

Money for the Yough Is Ready When Demands of the Work Require It.

Dr. T. F. White, who is back in McKeesport from Washington as a delegate to the national trees and harbors congress, brings assurance that the appropriation of \$100,000 for the improvement of the Youghiogheny river between McKeesport and West Newton will be turned over as fast as the work progresses.

By Congressman John Dalzell he was assured that it is now a government project and that as soon as the first appropriation of \$100,000 is used another appropriation to carry on the work will be made.

Mr. Dalzell stated that there is no additional appropriation for the Yough improvement in the rivers and harbors because it is an improvement already authorized by the government and no other appropriation is made in any such case until the first money is paid up. Thus, Mr. Dalzell says, is the custom.

E. P. Douglas, chairman of the McKeesport Chamber of Commerce, Saturday morning received a letter from Mr. Dalzell giving the same information. He also assured Mr. Douglas that nothing will interfere with the improvement of the Yough and that another appropriation will likely be made next year, as it is expected.

RHEUMATIC POISON.

Rheuma Drives It From the System and Cures Rheumatism.

Ever since A. A. Clarke secured the privilege of handling Rheuma in Connellsville, the sales have been very large.

This is due to the fact that Rheuma really does cure Rheumatism, and that it is guaranteed to cure Rheumatism or money back.

It is a quick acting remedy, too. You don't have to wait a long while for results, for Rheuma starts at once to act on the kidneys, liver, bowels and spleen, and before 24 hours the poison is gone. Urle Acid, which cures rheumatism, has begun to pass out of the body through the regular channels.

One 50 cent bottle will prove to any rheumatic sufferer that Rheuma surely will cure Rheumatism.

For quickest relief from acute inflammation, try English Marhuie, 25 cents, at A. A. Clarke's. Mailed by Rheuma Co., Buffalo, N. Y.

FARM TELEPHONES; THEIR FIRST USE.

Originator of the Single Wire Non-Electrical Device.

SERVICEABLE AS THE BELL

Stultz Bros. Near Bellevue, Ohio, First Discoverers—They Originally the Swiss Family Bell Ringers.

One of The Courier's exchanges a few days ago made query as to who was the first inventor of the first, and old-fashioned Farmers' telephone years ago. This before the furrows of the Bell and other companies, with service reasonable enough to make it an advantage for the farmer to take in a complete "Hello" arrangement.

The writer believes he can answer the question of the very first farmers to install a home brewer's telephone, or a simple telephone of their own construction. It may be that there was a company which manufactured the "cousinship" telephone—but such information never came under the observation of the writer. The latter well remembers some fifteen or eighteen years ago, stepping at the comfortable home of the gentlemanly Farmer Judson Shultz, two miles west of Bellevue, O., on Columbus road. Another brother, John, had an adjoining farm a quarter of a mile away from Judson's. It was necessary to communicate with him.

"That's easy," said "Jed," stepping to the side of the house on the wall of which was what looked like a simple washboard. Knocking on the thin wood instrument, which covered a space of perhaps 20x inches, Judson waited for the response. There was simply a wire running from this first sounder and receiver to John's telephone receiver and sender a quarter of a mile away. Soon knocks were heard emanating from the latter's instrument and his voice could plainly be heard asking what was wanted.

Then the two brothers kept up a running fire of questions and answers, the voices sounding as plainly and distinctly as if accompanied by all the electric wires, receivers, and patent senders known to the trusty trade company.

It was, for three days, a revelation of direct communication over distance. It was a success; and the wonder is that the farmers throughout the country ever wanted anything better in a telephone line. They answered all purposes for a short distance.

The Stultz family comprised originally three brothers, Judson, John and Frank. All are prosperous farmers and "men of affairs." They comprised, forty years ago, the Swiss Family Bell Ringers, that came out of Massachusetts and created such a stir among cities of the East and Middle West. All were music, excellent musicians and singers, as well as performers on the noted banjo, which in those days were a revelation in melody that astonished the country.

They were successful in concert work, accumulated large sums of money and all bought large farms near Bellevue, Ohio, where they still live and enjoy life in accordance with the serenity of a moral, temperate simple-life existence and conscientious attuned to philosophical reflection.

WIFE SHOOTS.

Husband and Then Gives Herself Up to Officers.

MONONGAHELA, Pa., Dec. 12.—(Special)—"Well, I have shot him; come up and take me," telephoned Mrs Lucy Bowman, wife of Luther Bowman, a prominent resident of this place to Chief of Police Harry Chester Sunday afternoon. The person she referred to as having shot was her husband who is now in the Memorial hospital seriously wounded. The bullet entered the face below the left cheek bone and lodged in the neck. It was found at the hospital, but was not extracted as the surgeon said that it was an operation of doubtful result finally.

The shooting, it is alleged, was the result of a quarrel which started when Bowman accused his wife with being too intimate with a former boarder at the house. The couple have been married 26 years and have a family of grown children.

Bowman this afternoon made information against his wife charging her with assault and battery and felonious shooting with intent to kill. He said they had been having trouble for several days.

A writ of certiorari from the Supreme Court has been filed, and the record was made up, certified and remitted to the prothonotary of the Supreme Court in the Western Pennsylvania district.

PENNSY PLANNING A NEW OUTLET.

Waynesburg Is to Be Given a Standard Gauge Line.

OPEN NEW COAL FIELDS

Several Extensions Are Proposed to Compete With the New Electric Road That is Now Building From Fairmont.

The construction of a new spur through Southwestern Pennsylvania and the standardizing of the gauge of the present narrow gauge Waynesburg & Washington, then continuing the two towns named, is part of a scheme of the Pennsylvania Railroad Company, which will finally give the Greene county capital a railroad outlet and furnish the means for competing with the Fairmont & Pittsburgh Electric Railway line, which is now being built from West Virginia to the Steel City. The Pennsylvania Company has been quietly at work on the project for months, and now has its plans in such shape that a practical admission that the proposed improvements will be made as soon as possible.

The new spur will join with the Monongahela & Washington road, a branch of the P. Y. & C. at Marianna. From the latter point it will be extended on practically a straight line to Hackney, a station on the Waynesburg & Washington narrow gauge, a few miles south of Washington. From Hackney the narrow gauge road will be standardized as far as Waynesburg, with the possibility that a regular standard gauge line will eventually be extended to Washington from Hackney.

Several corps of Pennsylvania engineers have been at work on the survey of this line since September, and much of the profile work has been done, considerable expense. This corps last week pushed its operations as far as the village of Ten Mile, about 10 miles southeast of here, and the landholders and coal owners of that section have been promised that the road will be built. The Pittsburgh & Westmoreland Coal Company, which recently secured extensive coal holdings at Hackney, following the purchase of its acreage with preliminary operations, which were subsequently discontinued, is again preparing to open up this field and will locate a big coal town. The plan to resume operations was arrived at upon the promise of the Pennsylvania to furnish a standard gauge railroad. Whether the line will be pushed south from Waynesburg is not known.

It is also reliably reported that the Pennsylvania Company, in order to furnish an outlet for projected coal output in Eastern Greene county, will extend its Pennsylvania, Monongahela & Southern road to the middle of the Monongahela river. This territory is to be tapped by the new Fairmont & Pittsburgh Electric line, which will bid for freight patronage throughout the entire district thus far not touched by any railroad or trolley line.

The Fairmont & Pittsburgh trolley system is projected from the first named city, north through Waynesburg, crossing Washington and Greene counties and reaching the Monongahela valley at the southern end of the industrial district. A portion of the road in West Virginia has been built, the work of construction nowward is being pushed and the entire right of way from Fairmont to the Monongahela river has been secured.

Join Our Player-Piano Club Through Which We Are Selling a 550 Dollar Player-Piano at 444 Dollars.

Back last spring we began to prepare for this event. We announced it at our Pittsburg store; casually, only—August 3rd. Formally, a couple of weeks ago. We have been waiting to get enough instruments to announce it here.

It's a big player-piano event—we assure you.

We make this prediction: That this single event will do more to popularize the player-piano in Uniontown than all player-piano efforts that has gone before combined. These instruments sell regularly at 550 dollars. From Maine to California—the biggest and best piano dealers get 550 dollars for them.

Our price—to 300 Club members—will be 444 dollars—106 dollars less than the same instruments bring all over the country.

And to put these magnificent instruments within reach of the flattest purse—12 dollars is all it takes to join the Club—then 12 dollars a month for regular payments.

That is you pay 12 dollars down—then 12 dollars a month straight along for 37 months. When you have taken the full 37 months and paid 444 dollars—that's all there is to it.

There is no further interest. No extra charges coming up. You pay 444 dollars—and take 37 months time to pay, and the player-piano is yours.

INCLUSIVE
Taken at the flat price—444 dollars—club members receive:
1. Twelve rolls of music free.
2. Free stool, Free player-piano bench, Free piano scarf.
3. Two free tunings.
4. Cash rebates of \$1.50 a month for advanced payments.

DAISY WHITTAKER'S PLACE

By JAMES C. LINCOLN

COPYRIGHT, 1903, BY D. APPLETON & CO.
Jured by a woman is not known. Possibly her behavior was due merely to innate depravity. At any rate, she cherished a mortal hatred toward human beings of her own sex. With men and boys she was mock enough, but no person wearing skirts and alone might venture in that field without being chased by that cow. What would happen if the pursued one was caught could only be surmised, for so far no female had permitted herself to be caught. Few would come even so near as the other side of the pasture walls.

Bon's had forgotten the cow. She had gone from one golden clump to another until she had traversed nearly the length of the field. Then the vicious creature had appeared from behind a knoll in the pasture and, head down and bellowing wildly, had rushed upon her. When the captain reached the far-off fence the little girl was dashing from a dwarf pine to the next with the cow in pursuit. The pine was far, and Bon's was nearly at the end of her defense.

"Help!" she screamed. "Oh, uncle, where are you? What shall I do?" Uncle Cyrus roared in answer. "Keep it up!" he yelled. "I'm comin'! Shoot you overloose!" cried he. "I'll break your back for you!"

The cow didn't understand English, it seemed, even such vigorous English as the captain was using. Emily dodged to the last pine. The animal dashed upon her. Her rescue was still far away.

And then the cemetery gate opened and another person entered the pasture—another person, a woman. She didn't bellow, but plucking up her skirts, ran straight toward the cow, heedless of the latter's reputation and vicious appearance. One hand clutched the gathered skirts; in the other she held a book.

"Don't be scared, dear," she called reassuringly, then to the cow: "Stop it! Go away, you wicked thing!"

The animal heard the voice and turned. Seeing that the newcomer was only a woman, she lowered her head and pawed the ground.

Then the rescuer's courage seemed to desert her, for she ran back to the cemetery even faster than she had run from it. When the indignant captain, having pursued and chased the cow until it struck was but a spluttered remnant, reached the haven behind the iron fence he found her squatting in the grass, weeping.

"Scat! Go home!" ordered the lady, advancing toward the cow and shaking the book at her as if the volume was some sort of deadly weapon.

"I CAN GO HOME!" ORDERED THIS LADY.

Games Tonight.
Connellsville at McKeesport.
South Side at Uniontown

The Cokers could not come back Saturday night and South Side won 51 to 29. Jordan jumped the greater in the first half and Bill Powell had things his own way. In the second half Pierce took the center of the floor and had but little better luck. Despite Jordan's rather poor showing against Powell, he proved himself active on his feet and gives promise of developing into an aggressive player.

Billy Kummer was hurt with 19 minutes to play in the second half and was forced to retire. South side definitely jabbed their fingers into both of Kummer's eyes. The injury was very painful but Kummer is determined to remain in the game to night. Kummer's injury gave Sherwood Magee a chance to shine as a forward and the sweetest bitter in the National League went at it with a vengeance. He showed fine form during the time he was in the eng-

ine. In this field the Red was the bright and shining star. His accuracy and field goal average was there with lots of glories. Illinois Golff. But Doyle watched the game from the sideline. Kummer was not willing to take chances by overworking the clever athletes. It is probable that Doyle may alternate in games for the next week. His injury was not extremely bad and given him considerable pain. Despite this he is anxious to get back into the game once more.

The Cokers have a hard schedule ahead for the week but hope to make a better showing than they did since the last two weeks. It is hoped that before another week rolls around Mr. John Ahearn will be jumping the counter Saturday's lineup:

South Side at Connellsville and
Johnstown. Connellsville and
Kane Forward. Dark
Powell Center. Jordan
Sutl Boger
Mayhew Guard

Substitutions: McWilliams for Hough, ready for McWilliams, Magee for Kummer, Pierce for Jordan, Frank for Magee, S. Brady, J. Kane, T. Powell, R. Mayhew, S. Kummer, Dark, B. George, Hough, 10, Brady, 1, Dark, 2, Frank, 10, Hough, 10, Brady, 1, Dark, 2, Reference, Zang.

Basketball Notes.
That defeat at South Side was not unexpected and the Cokers put up a rattling good game despite it.

Kid Dark ran his average up several notches by scoring five goals from the field and two from the foul line.

The Cokers have four hard games this week but an even break should be the outcome. If things begin to break right they might get three out of the four, but to do this would mean either McKeesport or South Side must be walloped and the Cokers have failed to turn that trick yet this year.

The Johnstown Democrat says the Cokers are not out of the running by any means. Correct; the Cokers will

be right up near the top when the bell rings. Johnstown will probably be among those present also.

The league is well balanced this year and McKeesport, South Side, Johnstown, Connellsville will have to be reckoned with. The only two Unontown and Homestead as teams that will take some restictions pennant chasing over and keep it out of the running.

Homestead won its first game Hope for the Cokers now.

Jordan had a pretty tough proposition as his inaugural into the league being required to jump center against Bill Powell.

McWilliams of South Side was in the game just about a min to when an accidental blow by Powell. It is said, laid open his eye. He beat it out of the cage.

Although both Kummer and McWilliams were injured and other players somewhat bruised and battered, the game was not rough. Some of the wily little contests result in more injurys than when the tennis adopt rough and tumble tactics.

Players saw Jordan in fact on his feet and very interested. They started his jump showing to the fact that he has had no chance to get on to the team's style of play and what new to the others as they were to him.

Not once did Connellsville get the tip-off. That largely accounts for Saturday night's defeat as well as several other wallopings handed them of late.

The game here tomorrow should be a hummer. Takeative Harry Hough and his outfit will live up to their reputation. It will be a tight contest. Any time that South Side and the Cokers fail to put up a snappy game just write it down that Hough and Kummer have been steeled with parity. Bill Powell will be on hand to jump the center.

They tell a funny one on a Uniontown sport—the only one who came down last Friday. He had a roll of bills that would choke a horse, as the saying goes, and approached a hotel man who usually takes a tip on the Cokers. He found the bill and asked for a hat. "How much?" inquired the janitor, pulling a roll that would choke two horses. "About five dollars," replied the man up the branch. He lost it.

PERRY AND GANNON

Are Training Hard For Their Bout
Next Monday.

One day's rest is all that Tommy Perry will have following his bout with "Peach Miller" in Pittsburgh this evening before getting down to hard work than ever to prepare himself for his big fifteen round battle with "Mickey" Gannon, which is billed for Monday night, December 19, at the St. Clair theatre in Greensburg. Perry sees in this important match a chance to put himself abroad with the top notchers in the East and in position to get profitable matches before the best club in that section; for a victory over Gannon will mean all of this. He declares that if he fails it will not be for lack of effort on his part. He is determined to remain in the game to night. Kummer's injury gave Sherwood Magee a chance to shine as a forward and the sweetest bitter in the National League went at it with a vengeance. He showed fine form during the time he was in the engine. Kid Dark shot the foul and got two. In this field the Red was the bright and shining star. His accuracy and field goal average was there with lots of glories. Illinois Golff. But Doyle watched the game from the sideline. Kummer was not willing to take chances by overworking the clever athletes. It is probable that Doyle may alternate in games for the next week. His injury was not extremely bad and given him considerable pain. Despite this he is anxious to get back into the game once more.

The Cokers have a hard schedule ahead for the week but hope to make a better showing than they did since the last two weeks. It is hoped that before another week rolls around Mr. John Ahearn will be jumping the counter Saturday's lineup:

South Side at Connellsville and
Johnstown. Connellsville and
Kane Forward. Dark
Powell Center. Jordan
Sutl Boger
Mayhew Guard

Substitutions: McWilliams for Hough, ready for McWilliams, Magee for Kummer, Pierce for Jordan, Frank for Magee, S. Brady, J. Kane, T. Powell, R. Mayhew, S. Kummer, Dark, B. George, Hough, 10, Brady, 1, Dark, 2, Frank, 10, Hough, 10, Brady, 1, Dark, 2, Reference, Zang.

Basketball Notes.
That defeat at South Side was not unexpected and the Cokers put up a rattling good game despite it.

Kid Dark ran his average up several notches by scoring five goals from the field and two from the foul line.

The Cokers have four hard games this week but an even break should be the outcome. If things begin to break right they might get three out of the four, but to do this would mean either McKeesport or South Side must be walloped and the Cokers have failed to turn that trick yet this year.

The Johnstown Democrat says the Cokers are not out of the running by any means. Correct; the Cokers will

Clerk Harah
Seriously Hurt

SOMERSET, Dec. 12.—Frank A. Harah, clerk of the Criminal Court, sustained serious injury at noon Saturday when a large and heavy piece of ice became dislodged from the eaves of the Hotel Vanover and fell, striking Mr. Harah on the head, cutting a deep gash in his scalp and rendering him unconscious. He was taken to his home and medical attention was secured, and it is believed that no serious consequences will result, although he has been unconscious at intervals since the accident.

The piece of ice which struck him weighed over 10 pounds and fell a distance of about 10 feet. It struck Mr. Harah a glancing blow, and there is no doubt that had the blow been full on the head that his skull would have been crushed.

LATROBE, Dec. 11.—For some occult, if not esoteric reason, Latrobe has concluded that New Year's Day cannot be properly celebrated without a parade under the auspices of the fire company. It is also heralded that the band and drum corps will be in line as if their lively presence would mitigate against the cold atmosphere that is sure to prevail. It is suggested that the celebration proceedings be changed into a ski contest, with prizes given for snow-shoe contests.
